Professional Summary

A motivated and detail-oriented ICT Technician with strong skills in computer systems maintenance, database management, and web development. Passionate about delivering efficient digital solutions, securing networks, and improving user experiences through technology. Demonstrates excellent problem-solving skills and the ability to work both independently and in a team environment.

Education

The Maasai National Polytechnic – ICT Technician Level 6

Expected Graduation: 2026

Key Courses: Database Management Systems, Computer Networking, Web Design, System Analysis, Graphic Design, and ICT Security.

Technical Skills

- Web Design & Development (HTML, CSS, Java)
- Programming Languages (Java, C++)
- Database Management (MS Access, MySQL)
- Graphic Design (Adobe Photoshop, Adobe Illustrator)
- Computer Networking & Troubleshooting
- System Installation and Maintenance
- Cybersecurity & Firewall Configuration
- Microsoft Office Tools (Word, Excel, PowerPoint)

Projects & Experience

1. Student Database Management System

Designed and implemented a database in Microsoft Access to manage student information, grades, and reports. Improved data retrieval efficiency and record accuracy.

2. Personal Portfolio Website

Developed a responsive five-page website to showcase personal and academic projects. Applied HTML, CSS, and basic JavaScript to ensure good user interface and navigation.

3. Computer System Maintenance & Setup

Installed, configured, and optimized computer systems in a lab environment. Performed antivirus setup, firewall configuration, and system updates.

4. Poster Design Project

Created an awareness campaign poster using Adobe Photoshop. Focused on layout, color harmony, and typography techniques.

Certifications

- Certificate in Primary Education – 2018
- Certificate in Secondary Education – 2022
- Certificate in Computer Applications – 2023
- Network Configuration and Security (Workshop) – 2024

Hobbies & Interests

■ Football ■ Handball ■ Technology Innovation ■ Digital Design
